## NEW TRENDS IN ORGANIC SYNTHESIS 2022

---

### CONFERENCE PROGRAMME

- 8.00 Registration
- 9.00 Opening session
- 9.30 Alessandra Puglisi, University of Milan (IT)  
[Improving the efficiency of photocatalysis by flow chemistry](#)
- 10.15 Walter Cabri, University of Bologna (IT)  
[Pharmaceutical Green Chemistry - Modern Trends and Future Challenges](#)
- 11.00 Coffee break
- 11.30 Paolo Melchiorre, ICIQ - Institut Català d'Investigació Química (ES)  
[Photochemistry & Organocatalysis - New Radical Opportunities](#)
- 12.15 Timothy Noël, Eindhoven University (NL)  
[Innovation in photocatalysis Through Use of Flow](#)
- 13.00 Lunch break and poster session
- 14.30 Margit Winkler, Austrian Center of Industrial Biotechnology and Graz University of Technology (AT)  
[Enzymatic Functional Group Transformations Around Aldehydes and Nitriles](#)
- 15.15 Bill Morandi, ETH Zurich (CH)  
[Shuttle Catalysis - a Conceptual Blueprint for Reversible Functional Group Transfer](#)
- 16.00 GIC Prizes and presentations
- 17.30 Closing remarks
